

Adding Psych Hub to Your Organization's Safe-Sender List

Summary

This document is provided to help allow access to the Psych Hub website, communications, and products.

We recommend that you welcome-list by IP address if possible. IP's are the most likely to stay consistent. If that is not possible, please use Domain names instead.

IP Information

IP	Subdomain
104.198.100.43	www
13.255.47.40	app, cdn1
159.183.155.7	email
159.183.135.241	email

Domain Information

If possible, just use a wildcard for *.psychhub.com. If that is not possible, here is a list of the domains used for our applications and communications:

Domain	Description
www.psychhub.com	Main site
app.psychhub.com	Used for the Hub Web Application
training.psychhub.com	Used for communication
email.psychhub.com	Used for communication
hello2@psychhub.com	Used for communications

psychhub.com	Main domain. Also used for communications.
